

# Micah House Prayer Update

June 2011

Prayer requests -

1. Hamilton is seeing more and more trafficked people. Micah House is also dealing with more and more of these cases. Pray that we will increase our understanding of the nature and unique sensitivity of these special newcomers. Pray that we quickly learn the systems necessary to advise and direct them properly.
2. Praise God for our new partnership with World Vision Canada. This partnership has enabled us to hire a much needed Program Director who will give oversight to many aspects of our guest outreach program as well as our church education initiatives.
3. Many of the typical issues are making themselves apparent in our guests emotional condition - we are seeing a lot of loneliness, depression and hopelessness. There are many sad faces and many tears right now. Please join us praying that God will lift their hearts and be their one true hope. Pray that Micah House will continue to play its role in encouraging and equipping our guests. Pray that Micah House meet the criteria of its mission by demonstrating the Hand of Christ and doing its part in leading people into an eternal relationship with Him.
4. Pray that we will be able to increase our influence among churches.
5. Pray for a volunteer to do grocery shopping once per week.
